## Carbon based films - Classification and designations

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Abbreviated terms .....	2
5	Deposition .....	2
6	Classification .....	2
6.1	General .....	2
6.2	Main carbon film groups .....	2
6.3	Classification criteria .....	2
6.3.1	General .....	2
6.3.2	Crystallinity .....	3
6.3.3	Ratio of CC sp <sup>2</sup> to sp <sup>3</sup> hybridization .....	3
6.3.4	Hydrogen content .....	3
6.3.5	Content of additional elements .....	3
6.4	Coating architecture .....	3
6.4.1	Monolayer .....	3
6.4.2	Multilayer .....	3
6.4.3	Gradient layers .....	3
6.5	Classification table .....	3
7	Polymer-like carbon films .....	5
8	Amorphous carbon films .....	5
9	Diamond films .....	6
10	Graphite films .....	6
Annex A (informative) Deposition methods .....		7
Annex B (informative) Characterization methods .....		8
Bibliography .....		10
