|---|---|-------------|
| Foreword .....                                      |   | iv          |
| 1   | Scope .....                                   | 1           |
| 2   | Normative references .....                    | 1           |
| 3   | Terms and definitions .....                   | 1           |
| 4   | Principle .....                               | 2           |
| 5   | Apparatus .....                               | 2           |
| 5.1   | Test equipment .....                          | 2           |
| 5.2   | Photoreactor .....                            | 3           |
| 5.3   | Light source .....                            | 3           |
| 5.4   | UV cut condition .....                        | 4           |
| 5.5   | Analytical system of acetaldehyde .....       | 4           |
| 5.6   | Analytical system for carbon dioxide .....    | 4           |
| 6   | Test sample .....                             | 4           |
| 7   | Procedure .....                               | 4           |
| 7.1   | Pretreatment of test sample .....             | 4           |
| 7.2   | Acetaldehyde decomposition testing .....      | 5           |
| 8   | Calculation .....                             | 6           |
| 8.1   | General .....                                 | 6           |
| 8.2   | Carbon dioxide concentration .....            | 6           |
| 8.3   | Measurement end point .....                   | 6           |
| 8.4   | Determination of complete decomposition ..... | 7           |
| 8.5   | Elapsed time to complete decomposition .....  | 9           |
| 9   | Test report .....                             | 9           |
| Annex A (informative) Example of test results ..... |   | 10          |
| Bibliography .....                                  |   | 11          |
