DIN EN 17120:2019-05 (E)

Photocatalysis - Water purification - Performance of photocatalytic materials by measurement of phenol degradation

Contents

Page

European foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 4

4 Abbreviations 5

5 Principle 5

6 Interferences 5

7 Equipment and materials 6
7.1 Irradiation system and photo-reactor 6
7.2 HPLC analysis apparatus 7
7.3 TOC analyser (optional) 7
7.4 Other Equipment and materials 7
7.5 Photocatalytic reference material 7

8 Test method procedure 8

9 Reporting of results 9

Annex A (informative) Results of round-robin test 10
