European foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 5

4 Symbols 5

5 Principle 5

6 Apparatus 5

7 Preparation of thin and polished sections 6
7.1 General 6
7.2 Staining 7
7.2.1 Feldspar staining 7
7.2.2 Carbonate staining 7

8 Macroscopic description 7

9 Microscopic description 7
9.1 General 7
9.2 Fabric 7
9.3 Constituents 8
9.3.1 Minerals/Grains 8
9.3.2 Groundmass 8
9.4 Discontinuities: 8
9.5 Alterations: 9

10 Petrographic classification 9

11 Test report 9

Annex A (informative) Preparation of thin sections 11

Annex B (informative) Staining preparation and procedure of thin sections 12

B.1 Staining preparation 12
B.2 Staining procedure 12

Annex C (informative) Principle and procedure of point counting 14

Annex D (informative) Templates for the petrographic description of rocks 15
