## Non-destructive testing - Metal magnetic memory - Part 2: Inspection of welded joints

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Basic principles .....	1
5	Requirements for the inspected object .....	2
6	Testing equipment requirements .....	2
7	Preparation for testing .....	2
8	Test procedure .....	2
8.1	General .....	2
8.2	Manual inspection of welded joints .....	2
8.3	Inspection of welded joints using a scanning system .....	3
9	Processing of test results .....	4
Annex A (informative) Test report .....		6
Annex B (informative) Example of manual stray field measurements .....		7
Annex C (informative) Example of stray field measurements using a scanning system .....		10
Bibliography .....		13
