## Metallic coatings - Corrosion test method for decorative chrome plating under a de-icing salt environment

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1 <b>Scope</b> .....		1
2 <b>Normative references</b> .....		1
3 <b>Terms and definitions</b> .....		1
4 <b>Apparatus</b> .....		1
5 <b>Test slurry</b> .....		2
5.1 <b>Preparation of the calcium chloride (CaCl<sub>2</sub>) solution</b> .....		2
5.2 <b>Preparation of the slurry (paste)</b> .....		2
6 <b>Procedure</b> .....		2
7 <b>Evaluation of the results</b> .....		3
8 <b>Test report</b> .....		3
Annex A (informative) <b>Graphical procedure of de-icing salt corrosion test</b> .....		4
Annex B (informative) <b>Example for rating after de-icing salt corrosion test</b> .....		6
Bibliography .....		7
