## Plastics - Ion exchange resin - Part 1: Determination of exchange capacity of acrylic anion exchange resins

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Principle .....	2
5	Reagents .....	2
6	Apparatus .....	6
7	Samples .....	7
7.1	Sampling .....	7
7.2	Sample preparation .....	7
8	Procedure .....	8
8.1	Removal of the external water .....	8
8.2	Water content .....	8
8.3	Strong-base group capacity .....	8
8.4	Weak-base group capacity .....	8
8.5	Weak-acid group capacity .....	8
9	Calculation .....	9
9.1	Strong-base group capacity .....	9
9.2	Weak-base group capacity .....	9
9.3	Weak-acid group capacity .....	10
10	Test report .....	11
Annex A (normative) Sampling .....		12
Annex B (normative) Determination of water content of anion exchange resins by centrifugation ....		14
Bibliography .....		16
