ISO 12185:2024-03 (E)

Crude petroleum, petroleum products and related products - Determination of density - Laboratory density meter with an oscillating U-tube sensor

Contents

Page

Foreword ..... **iv**

Introduction ..... **v**

1 Scope **1**

2 Normative references **1**

3 Terms and definitions **1**

4 Principle **3**

5 Apparatus **3**
5.1 Density meter 3
5.2 Homogenizer 3
5.3 Constant-temperature bath 3

6 Reagents and materials **3**
6.1 Flushing solvent 3
6.2 Adjustment liquids 4

7 Sampling **4**

8 Sample preparation **5**

9 Apparatus preparation **5**
9.1 Test temperature 5
9.2 Cell cleaning 5
9.3 Meter verification and adjustment 6
9.4 Meter calibration 6
9.5 Quality control checks 6

10 Test procedure **6**

11 Calculation **7**

12 Test report **7**

13 Precision **7**
13.1 Repeatability, *r* 7
13.2 Reproducibility, *R* 8

Annex A (informative) **Meter calibration** **9**

Bibliography **11**
