|---------------------------------------|---|-------------|
| Foreword .....                        |   | iv          |
| 1                                     | Scope .....   | 1           |
| 2                                     | Normative references .....  | 1           |
| 3                                     | Terms and definitions .....   | 1           |
| 4                                     | Principle .....   | 1           |
| 5                                     | Reagents .....  | 2           |
| 6                                     | Apparatus .....   | 2           |
| 6.1                                   | Extraction apparatus .....  | 2           |
| 6.2                                   | Pyrolysis/gas chromatography system .....                                     | 2           |
| 6.2.1                                 | General .....   | 2           |
| 6.2.2                                 | Pyrolysis device .....  | 2           |
| 6.2.3                                 | Gas chromatograph .....   | 3           |
| 6.2.4                                 | Chromatographic columns .....   | 3           |
| 6.2.5                                 | Data-handling equipment .....   | 3           |
| 7                                     | Procedure .....   | 3           |
| 7.1                                   | Preparation of test samples from calibration samples and unknown sample ..... | 3           |
| 7.2                                   | Test conditions .....   | 3           |
| 7.3                                   | Preparation of calibration curves .....                                       | 6           |
| 7.4                                   | Analysis of the unknown sample .....  | 7           |
| 8                                     | Expression of results .....   | 8           |
| 9                                     | Precision .....   | 8           |
| 10                                    | Test report .....   | 8           |
| Annex A (informative) Precision ..... |   | 10          |
| Bibliography .....                    |   | 12          |
