European foreword 3

1 Scope 5

2 Normative references 5

3 Terms and definitions 5

4 Principle 5

5 Reagents 5

6 Apparatus 6

7 Preparation of test sample 6
7.1 Electric, non-electric and electronic detonators 6
7.2 Surface connectors and detonating cord relays 7

8 Procedure 7
8.1 Electric, non-electric and electronic detonators 7
8.2 Surface connectors and detonating cord relays 8

9 Expression of results 8
9.1 Electric, non-electric and electronic detonators 8
9.2 Surface connectors and detonating cord relays 9

10 Test report 9

Annex ZA (informative) Relationship between this European Standard and the essential requirements of Directive 2014/28/EU relating to the making available on the market and supervision of explosives for civil uses aimed to be covered 10
