Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Abbreviations 2

5 Reagents 2

6 Apparatus 6

7 Specimen preparation and measurement environments 6

8 Preparation of calibration specimen 6

9 Making calibration curve 8

10 Collection of iron and/or nickel from working reference material 10

11 Determination of iron and/or nickel of working reference material 11

12 Precision 11

13 Test report 12

Annex A (informative) International inter-laboratory test results 13

Annex B (informative) International inter-laboratory test results of GF-AAS and ICP-MS 16
