Natural gas - Correlation between water content and water dew point

Contents		Page
Foreword		iv
Introduction		v
1 Scope		1
2 Terms and definitions		1
3 Development of the correlation		2
4 Range of application and uncertainty of the correlation		3
5 Correlation		4
Annex A (normative) Thermodynamic principles		8
Annex B (informative) Traceability		15
Annex C (informative) Examples of calculations		17
Annex D (informative) Subscripts, symbols, units, conversion factors and abbreviations		19
Bibliography		21
