## Aluminium oxide used for the production of primary aluminium - Determination of attrition index

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Principle .....	1
4	Apparatus .....	1
5	Sample handling and preparation .....	3
5.1	Reference alumina .....	3
5.2	Test sample .....	3
6	Procedure .....	3
6.1	Flow calibration .....	3
6.2	Attrition procedure for test sample and reference alumina .....	6
6.3	Particle size distribution analysis .....	6
7	Calculation and reporting of results .....	6
8	Precision .....	7
9	Quality control .....	7
10	Test report .....	7
Annex A (informative) Results of test programme .....		8
Bibliography .....		9
