

# ISO 21238:2007-04 (E)

**Nuclear energy - Nuclear fuel technology - Scaling factor method to determine the radioactivity of low- and intermediate-level radioactive waste packages generated at nuclear power plants**

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Terms and definitions .....	1
3	Principle .....	3
4	Sampling .....	3
5	Evaluation methodology for scaling factor .....	4
Annex A (informative) Practices and examples of application of scaling-factor method .....		8
Bibliography .....		23
