|---------------------------------------------------------------------------------------------------|-------------|
| <b>Foreword</b> .....                                                                             | <b>v</b>    |
| <b>Introduction</b> .....                                                                         | <b>vi</b>   |
| <b>1 Scope</b> .....                                                                              | <b>1</b>    |
| <b>2 Normative references</b> .....                                                               | <b>1</b>    |
| <b>3 Terms and definitions</b> .....                                                              | <b>2</b>    |
| <b>4 Abbreviated terms</b> .....                                                                  | <b>7</b>    |
| <b>5 Conformance</b> .....                                                                        | <b>7</b>    |
| 5.1 Rounding.....                                                                                 | 7           |
| 5.2 Conformity to requirement.....                                                                | 7           |
| <b>6 Definition for field joint material, system interfaces and repairs</b> .....                 | <b>8</b>    |
| 6.1 Material classes.....                                                                         | 8           |
| 6.2 Types of interfaces .....                                                                     | 8           |
| <b>7 Project specific qualification processes for production and application procedures</b> ..... | <b>9</b>    |
| 7.1 General requirements .....                                                                    | 9           |
| 7.2 Purchase order requirements.....                                                              | 9           |
| 7.2.1 General information.....                                                                    | 9           |
| 7.2.2 Additional information.....                                                                 | 10          |
| 7.3 Production qualification process.....                                                         | 10          |
| 7.3.1 Process description.....                                                                    | 10          |
| 7.3.2 Project specific qualification considerations.....                                          | 11          |
| 7.3.3 Procedure qualification trial .....                                                         | 11          |
| 7.3.4 Pre-production trial .....                                                                  | 12          |
| 7.3.5 Production testing .....                                                                    | 12          |
| 7.4 Application procedures.....                                                                   | 12          |
| 7.4.1 Application procedure specification .....                                                   | 12          |
| 7.4.2 Inspection and testing plan .....                                                           | 14          |
| 7.4.3 Qualification of operators .....                                                            | 14          |
| <b>8 Production testing and inspection</b> .....                                                  | <b>16</b>   |
| 8.1 General.....                                                                                  | 16          |
| 8.2 Material tests and inspection.....                                                            | 16          |
| 8.3 System test and inspection.....                                                               | 16          |
| 8.4 Inspection documents and traceability.....                                                    | 16          |
| 8.5 Guidance in generating an ITP.....                                                            | 16          |
| <b>9 Requirements for field repairs</b> .....                                                     | <b>31</b>   |
| 9.1 General.....                                                                                  | 31          |
| 9.2 Damage/defect characterization.....                                                           | 31          |
| 9.3 Repair materials for each of the material classes and compatibility.....                      | 31          |
| 9.4 Repair execution .....                                                                        | 31          |
| <b>10 Final documentation</b> .....                                                               | <b>31</b>   |
| <b>11 Handling, storage and transportation at site</b> .....                                      | <b>32</b>   |
| <b>12 Pre-fabricated insulation</b> .....                                                         | <b>32</b>   |
| 12.1 General.....                                                                                 | 32          |
| 12.2 Material classes.....                                                                        | 32          |

|                                                                                                       |                                                         |           |
|-------------------------------------------------------------------------------------------------------|---------------------------------------------------------|-----------|
| 12.3                                                                                                  | Project specific qualification processes.....           | 33        |
| 12.4                                                                                                  | Information to be supplied by the system purchaser..... | 33        |
| 12.5                                                                                                  | Manufacturing of pre-fabricated insulation .....        | 34        |
| 12.6                                                                                                  | Inspection and testing plan.....                        | 34        |
| 12.7                                                                                                  | Installation of pre-fabricated insulation.....          | 44        |
| <b>Annex A (informative) Guidelines for using this document.....</b>                                  |                                                         | <b>45</b> |
| <b>Annex B (informative) Guidelines on the design of field joint systems on a project basis .....</b> |                                                         | <b>49</b> |
| <b>Annex C (informative) Field joint adhesion testing.....</b>                                        |                                                         | <b>52</b> |
| <b>Annex D (informative) Guidelines for pre-fabricated insulation.....</b>                            |                                                         | <b>55</b> |
| <b>Bibliography.....</b>                                                                              |                                                         | <b>59</b> |
