

# DIN EN ISO 13678:2009-12 (E)

Petroleum and natural gas industries - Evaluation and testing of thread compounds for use with casing, tubing, line pipe and drill stem elements (ISO 13678:2009);  
English version EN ISO 13678:2009

| Inhalt   | Seite |
|--|-------|
| Foreword .....   | 3     |
| Introduction.....  | 4     |
| 1 Scope .....  | 5     |
| 2 Conformance .....  | 5     |
| 2.1 Dual citing of normative references .....  | 5     |
| 2.2 Units of measurement.....  | 5     |
| 3 Normative references .....   | 6     |
| 4 Terms and definitions .....  | 6     |
| 5 Thread compound characteristics.....   | 8     |
| 5.1 Product characteristics.....   | 8     |
| 5.2 Physical and chemical characteristics.....   | 8     |
| 6 Thread compound performance properties .....   | 12    |
| 6.1 Small-scale test .....   | 12    |
| 6.2 Frictional properties .....  | 12    |
| 6.3 Extreme surface-contact pressure (gall resistance) properties for casing, tubing and line pipe .....     | 13    |
| 6.4 Fluid sealing properties for casing, tubing and line pipe .....  | 14    |
| 7 Quality assurance and control.....   | 14    |
| 8 Marking requirements .....   | 15    |
| 8.1 Marking.....   | 15    |
| 8.2 Labelling.....   | 15    |
| Annex A (informative) API modified thread compound .....   | 16    |
| Annex B (normative) Casing, tubing and line pipe reference standard formulation .....                        | 20    |
| Annex C (normative) Penetration test .....   | 22    |
| Annex D (normative) Evaporation test .....   | 23    |
| Annex E (normative) Oil separation test .....  | 24    |
| Annex F (normative) Application/adherence test.....  | 25    |
| Annex G (normative) Gas evolution test .....   | 26    |
| Annex H (normative) Water leaching test.....   | 30    |
| Annex I (informative) Frictional properties test .....   | 33    |
| Annex J (informative) Extreme surface-contact pressure (galling) test for casing, tubing and line pipe ..... | 43    |
| Annex K (informative) Fluid sealing test for casing, tubing and line pipe .....                              | 44    |
| Annex L (informative) Corrosion inhibition tests .....   | 47    |
| Annex M (informative) Compound high-temperature stability test .....   | 48    |
| Bibliography.....  | 49    |
