Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms, definitions and abbreviated terms 6

4 Technical requirements 8

5 Documentation requirements 9

6 Requirements for manufacturers 9

7 Qualification of elastomer materials (ageing and RGD) 11

8 Qualification of elastomeric materials in bonded flexible hose 12

9 Qualification of elastomeric materials in other large components 18

Annex A (normative) **Test media, conditions, equipment and procedures for ageing of elastomeric materials** 20

Annex B (normative) **Test media, conditions, equipment and procedures for rapid gas decompression testing of elastomeric materials** 29

Annex C (informative) **Most commonly used elastomeric materials** 42

Annex D (normative) **Procedure for estimation of material service life using the Arrhenius relationship** 44

Annex E (informative) **Physical and chemical ageing** 49

Annex F (informative) **Rapid gas decompression (RGD)** 64
