ISO 23414:2026-09 (E)

Oil and gas industries including lower carbon energy - Workover rigs for offshore fixed platforms

Contents

Page

Foreword ..... **vi**

Introduction ..... **vii**

1 Scope **1**

2 Normative references **1**

3 Terms and definitions **2**

4 Abbreviated terms **3**

5 Overall considerations and rating selection **4**
5.1 General 4
5.2 Indicative parameters 4
5.3 Configuration 5
5.4 Hook load selection 5

6 Design **6**
6.1 General 6
6.2 Hoisting system 6
6.2.1 Derrick or mast 6
6.2.2 Substructure 6
6.2.3 Drawworks 7
6.3 Rotary system 7
6.3.1 Rotary table 7
6.3.2 Swivel 7
6.4 Circulation system 7
6.4.1 Mud pump 7
6.4.2 Charging pump 7
6.4.3 Mud tanks volume 7
6.4.4 Mud agitator 8
6.5 Well control system 8
6.6 Electrical system 8
6.6.1 Power distribution system 8
6.6.2 Motor 8
6.6.3 Lighting 9
6.6.4 Other requirements 9
6.7 Hydraulic system 10
6.7.1 Functional requirements 10
6.7.2 Technical requirements 10
6.8 Pneumatic system 12
6.9 Safety system 12
6.9.1 Function description 12
6.9.2 Fire and combustible gas detection and alarm system 12
6.9.3 Fire-fighting system 13
6.9.4 Communication system 13
6.9.5 Escape system 13
6.10 Interfaces 14
6.10.1 General arrangement 14
6.10.2 Safety system 14
6.10.3 Utility system 14
6.10.4 Electrical interface 15
6.10.5 Instrument and communication interface 15
6.10.6 Structural interface 15

7 Integrated construction **15**
7.1 General 15
7.1.1 Technical documents preparation 15
7.1.2 Materials and equipment handling 15
7.1.3 Management and control of inspection reports 16
7.2 Structure construction 16
7.2.1 Prefabrication and assembly of structural steelwork 16
7.2.2 Integrated assembly 16
7.2.3 Welding 17
7.2.4 Welding inspection 18
7.3 Onshore equipment installation 19
7.3.1 General 19
7.3.2 Technical requirements 19
7.4 Pipeline prefabrication and installation 21
7.4.1 Pipeline prefabrication 21
7.4.2 Piping installation 22
7.4.3 Pressure testing 22
7.4.4 Piping flushing and cleaning 22
7.4.5 Flushing and cleaning flow rate 23
7.5 Corrosion 23
7.5.1 Surface treatment 23
7.5.2 Painting 24

8 Onshore commissioning **24**
8.1 Commissioning scope 24
8.2 Commissioning preparation 25
8.3 Commissioning 25
8.3.1 General regulations 25
8.3.2 Hoisting system equipment 26
8.3.3 Rotary system equipment 26
8.3.4 Circulation system equipment 27
8.3.5 Well control system equipment 27
8.3.6 Electrical system equipment 27
8.3.7 Hydraulic system equipment 28
8.3.8 Fire and combustible gas detection and alarm system equipment 28
8.3.9 Instrumentation and communication system equipment 28
8.3.10 HVAC (heating ventilation and air conditioning) system equipment 29

9 Offshore installation and commissioning **29**
9.1 Weighing 29
9.2 Loadout and transportation 29
9.3 Offshore installation 29
9.3.1 Pre-installation inspection 29
9.3.2 Transportation and lifting 30
9.3.3 Hoisting system and rotating system 30
9.3.4 Circulating system 31
9.3.5 Well control system 31
9.3.6 Electrical system 31
9.3.7 Hydraulic system 31
9.3.8 Pneumatic system 32
9.3.9 Instrumentation and communication system 32
9.3.10 Safety system 32
9.3.11 Other auxiliary equipment and piping 33
9.4 Offshore commissioning 33
9.4.1 General 33
9.4.2 Hoisting system 33
9.4.3 Rotating system 34
9.4.4 Circulating system 34
9.4.5 Well control system 34
9.4.6 Electrical system 34
9.4.7 Hydraulic system 34
9.4.8 Pneumatic system 34
9.4.9 Instrumentation and communication system 35
9.4.10 Safety system 35

9.4.11 Commissioning records and report requirements 35
9.4.12 Integrated commissioning 35

10 Maintenance and inspection 36
10.1 Maintenance 36
10.1.1 General 36
10.1.2 Derrick or mast and substructure 36
10.1.3 Hoisting system 36
10.1.4 Well control system 37
10.1.5 Electrical system 37
10.1.6 Fire and gas detection system 38
10.1.7 Maintenance during standby periods 39
10.2 Inspection 39
10.2.1 General 39
10.2.2 Documentation management 39
10.2.3 Annual inspection 39
10.2.4 Periodic inspection 39
10.2.5 Temporary inspection 39

Annex A (informative) **Additional information and guidance 41**

Annex B (informative) **Piping pressure test record sheet 51**

Annex C (informative) **Loadout and seafastening design documents 54**

Annex D (informative) **WOR commissioning outline 55**

Annex E (informative) **WOR inspection contents 61**
