Foreword ... 4

Introduction ... 5

1 Scope ... 6

2 Normative references ... 7

3 Terms and definitions ... 8

4 Symbols and abbreviated terms ... 8

5 Materials of construction and wall thickness limitations ... 9
5.1 General ... 9
5.2 Fibre ... 9
5.3 Resin ... 9
5.4 Joints ... 9
5.5 Wall thickness limitations ... 10

6 Qualification programme ... 11
6.1 General ... 11
6.2 Qualification pressure and temperature ... 12
6.3 Effect of temperature and chemical resistance ... 22
6.4 Optional qualification requirements ... 23
6.5 Fire performance ... 24
6.6 Electrical conductivity and electrostatic dissipative properties ... 27
6.7 Additional component properties ... 30
6.8 Component data for quality control baseline ... 31

7 Preferred dimensions ... 32
7.1 Nominal diameters ... 32
7.2 Bend radii ... 33
7.3 Fitting lengths ... 33

8 Quality programme for manufacture ... 33
8.1 General requirements ... 33
8.2 Quality control equipment ... 33
8.3 Quality control tests ... 34
8.4 Quality control records ... 40

9 Component marking ... 41
9.1 General ... 41
9.2 Requirements ... 41

10 Handling, storage and transportation ... 41

11 Documentation ... 42
11.1 General ... 42
11.2 Purchase order documentation ... 42
11.3 Qualification documentation ... 42
11.4 Production quality control documentation ... 43
11.5 Installation documentation ... 43
11.6 Published values ... 44

Annex A (informative) **Examples of component requirements for qualification** ... 46

Annex B (informative) **Pressure qualification test ratios** ... 48

Annex C (normative) **Failure enveloppe** ... 51

Page

Annex D (informative) **Guidance on determination of partial factors A_1 and A_2 for temperature and chemical resistance** **53**

Annex E (normative) **Fire endurance testing** **55**

Annex F (normative) **Modifications to fire reaction test procedures** **64**

Annex G (normative) **Determination of electrostatic properties of GRP pipe system components** **66**

Annex H (normative) **Preferred dimensions** **76**

Annex I (informative) **Example of enquiry sheet** **79**

Annex J (informative) **Example of qualification summary form** **80**

Annex K (normative) **Least-square method for calculating the long-term hydrostatic pressure from regression data** **82**

Bibliography **90**
