Page

Foreword ... 4

Introduction ... 5

1 Scope ... 7

2 Normative references ... 7

3 Terms and definitions ... 7

4 Symbols ... 8

5 General requirements ... 9
5.1 General ... 9
5.2 Testing and instrumentation ... 9
5.3 Conductor installation and shallow well drilling ... 10

6 Geotechnical data acquisition and integrated geoscience studies ... 11
6.1 Geotechnical assessment ... 11
6.2 Shallow geophysical investigation ... 11
6.3 Geological modelling and identification of hazards ... 12
6.4 Geotechnical investigation ... 14

7 Stability of shallow foundations ... 15
7.1 General ... 15
7.2 Principles ... 15
7.3 Acceptance criteria ... 16
7.4 Undrained bearing capacity — constant shear strength ... 18
7.5 Undrained bearing capacity — linearly increasing shear strength ... 19
7.6 Drained bearing capacity ... 19
7.7 Shear strength used in bearing capacity calculations ... 20
7.8 Settlements and displacements ... 20
7.9 Dynamic behaviour ... 20
7.10 Hydraulic stability ... 21
7.11 Installation and removal ... 21
7.12 Shallow foundations equipped with skirts ... 21
7.13 Shallow foundations without skirts ... 21
7.14 Installation effects ... 22

Annex A (informative) **Additional information and guidance** ... 23
A.1 Scope ... 23
A.2 Normative references ... 23
A.3 Terms and definitions ... 23
A.4 Symboles ... 23
A.5 General requirements ... 23
A.6 Geotechnical data acquisition and integrated geoscience studies ... 24
A.6.1 Geotechnical assessment ... 24
A.6.2 Shallow geophysical investigation ... 24
A.6.3 Geological modelling and identification of hazards ... 24
A.6.4 Geotechnical investigation ... 24
A.7 Stability of shallow foundations ... 26
A.7.1 General ... 26
A.7.2 Principles ... 26
A.7.3 Acceptance criteria ... 28
A.7.4 Undrained bearing capacity — constant shear strength ... 28
A.7.5 Undrained bearing capacity — linearly increasing shear strength ... 29
A.7.6 Drained bearing capacity ... 31
A.7.7 Shear strength used in bearing capacity calculations ... 32
A.7.8 Settlements and displacements ... 32
A.7.9 Dynamic behaviour ... 32
A.7.10 Hydraulic stability ... 32

A.7.11 Installation and removal **32**
A.7.12 Shallow foundations equipped with skirts **32**
A.7.13 Shallow foundations without skirts **33**
A.7.14 Installation effects **33**

Annex B (informative) **Carbonate soils** **34**
B.1 General **34**
B.2 Characteristic features **34**
B.3 Properties **35**
B.4 Foundations **35**
B.4.1 Driven piles **35**
B.4.2 Other deep foundation alternatives **35**
B.4.3 Shallow foundations **35**
B.5 Assessment **36**

Bibliography **37**
