Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Methods for estimating centralizer placement 3
4.1 General 3
4.2 Standoff ratio calculation 4
4.3 Buoyed weight of casing 5
4.4 Calculations for centralizer spacing 6

5 Procedure for testing stop collars 9
5.1 General 9
5.2 Apparatus 10
5.3 Test procedure 11
5.4 Reporting of test results 11

Annex A (informative) Documentation of stop-collar test results 12

Bibliography 14
