## Petroleum and natural gas industries - Equipment for well cementing - Part 2: Centralizer placement and stop-collar testing

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Methods for estimating centralizer placement .....	3
4.1	General .....	3
4.2	Standoff ratio calculation .....	4
4.3	Buoyed weight of casing .....	5
4.4	Calculations for centralizer spacing .....	6
5	Procedure for testing stop collars .....	9
5.1	General .....	9
5.2	Apparatus .....	10
5.3	Test procedure .....	11
5.4	Reporting of test results .....	11
Annex A (informative) Documentation of stop-collar test results .....		12
Bibliography .....		14
