

DIN EN 12079-1:2006-07 (E)

Offshore containers and associated lifting sets - Part 1: Offshore container - Design, manufacture and marking; English version EN 12079-1:2006

Inhalt	Seite
Foreword	3
1 Scope	4
2 Normative references	4
3 Terms and definitions	6
4 Symbols	8
5 Design	8
5.1 General	8
5.2 Structural strength	9
5.3 Welding	12
5.4 Additional design details	12
5.5 Tank containers	15
5.6 Containers for bulk solids	16
6 Materials	16
6.1 Steel — General	16
6.2 Rolled and extruded steels in offshore container structures	17
6.3 Aluminium	19
6.4 Non-metallic materials	20
6.5 Material certificates	20
7 Type testing	21
7.1 General	21
7.2 Test equipment and calibration	21
7.3 Lifting test	22
7.4 Vertical impact test	23
7.5 Other tests	23
8 Production	24
8.1 General	24
8.2 Primary structure	24
8.3 Secondary structure	26
8.4 Production testing	26
8.5 Failure of production containers	27
9 Marking	27
9.1 Safety marking	27
9.2 Identification markings	27
9.3 Information markings	28
9.4 Other markings	28
10 Container Data Plate	28
10.1 General	28
10.2 Contents of Data Plate	28
11 Certificate of conformity	29
11.1 General	29
11.2 Documentation	30
11.3 Contents of the certificate of conformity	30
Annex A (Informative) Certification Requirements for Containers	32
Bibliography	34
