

ISO 7263:2011-02 (E)

Corrugating medium - Determination of the flat crush resistance after laboratory fluting

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
2	Normative references	1
3	Terms and definitions	1
4	Principle	1
5	Apparatus	2
6	Sampling	4
7	Conditioning	4
8	Preparation of test pieces	4
9	Procedure	4
9.1	General	4
9.2	Testing immediately after fluting	4
9.3	Testing after 30 min of reconditioning	5
9.4	Fluting and testing	5
10	Expression of results	5
10.1	Flat crush resistance	5
10.2	Flat crush resistance index	6
11	Precision	6
12	Test report	6
Annex A (informative) Maintenance of fluting rolls (horizontal type)		7
Bibliography		8
