4.4 Terms and definitions of design and construction 14
4.5 Terms and definitions of product types 15
4.6 Terms and definitions of test methods, attributes, ageing 16

5 Terms and vocabulary of protective clothing 19
5.1 General terms and definitions of protective clothing 19
5.2 Terms and definitions of product types 20
5.3 Terms and definitions of components and materials 21
5.4 Terms and definitions of risks and hazards 21
5.5 Terms and definitions of test methods 22

6 Termsandvocabularyofprotectionagainstheatandflamehazards 22
6.1 General terms and definitions of protection against heat and flame hazards 22
6.2 Terms and definitions of product types 22
6.3 Terms and definitions of components and materials 23
6.4 Terms and definitions of risks and hazards 23
6.5 Terms and definitions of test methods 25

7 Termsandvocabularyofprotectionagainstchemicalhazards 29
7.1 General terms and definitions of protection against chemical hazards 29
7.2 Terms and definitions of product types 29
7.3 Terms and definitions of components and materials 30
7.4 Terms and definitions of risks and hazards 30
7.5 Terms and definitions of test methods 31

8 Termsandvocabularyofprotectionagainstfoulweather,windandcoldhazards 34
8.1 General terms and definitions of protective clothing 34
8.2 Terms and definitions of product types 34
8.3 Terms and definitions of components and materials 34
8.4 Terms and definitions of risks and hazards 34
8.5 Terms and definitions of test methods 34

9 Termsandvocabularyofprotectionagainstmechanicalhazards 34

9.1 General terms and definitions of protection against mechanical hazards 34
9.2 Terms and definitions of product types 35
9.3 Terms and definitions of components and materials 36
9.4 Terms and definitions of risks and hazards 36
9.5 Terms and definitions of test methods 37

10 Termsandvocabularyofprotectionagainstinfectiveagenthazards 41
10.1 General terms and definitions of protection against infective agent hazards 41
10.2 Terms and definitions of product types 41
10.3 Terms and definitions of components and materials 41
10.4 Terms and definitions of risks and hazards 41
10.5 Terms and definitions of test methods 41

11 Terms and vocabulary of diving protective clothing 42
11.1 General terms and definitions of diving protective clothing 42

11.2 Terms and definitions of product types 43
11.3 Terms and definitions of components and materials 44
11.4 Terms and definitions of risks and hazards 45
11.5 Terms and definitions of test methods 45

12 Termsandvocabularyofprotectionagainsthazardsduetolackofvisibility 45
12.1 General terms and definitions of protection against hazards due to lack of visibility 45
12.2 Terms and definitions of product types 46
12.3 Terms and definitions of components and materials 46
12.4 Terms and definitions of risks and hazards 46
12.5 Terms and definitions of test methods 46

13 Termsandvocabularyofprotectionagainstelectrostatichazards 46
13.1 General terms and definition of protection against electrostatic hazards 46
13.2 Terms and definitions of product types 47
13.3 Terms and definitions of components and materials 47
13.4 Terms and definitions of risks and hazards 47
13.5 Terms and definitions of test methods 47

14 Termsandvocabularyofprotectionagainstelectricalarchazards 48
14.1 General terms and definition of protection against electrical arc hazards 48
14.2 Terms and definitions of product types 49
14.3 Terms and definitions of components and materials 49
14.4 Terms and definitions of risks and hazards 50
14.5 Terms and definitions of test methods 50

15 Terms and vocabulary of Selection, Use, Care and Maintenance (SUCAM) 50

16 Terms and vocabulary of electronics 51
