| Foreword .....         |   | 3           |
| Introduction .....     |   | 4           |
| 1                      | Scope .....   | 5           |
| 2                      | Normative references .....  | 5           |
| 3                      | Terms and definitions .....   | 5           |
| 4                      | Principle .....   | 5           |
| 5                      | Apparatus .....   | 6           |
| 5.1                    | Test chamber .....  | 6           |
| 5.2                    | Atomizer .....  | 8           |
| 5.3                    | Motor driven syringe .....  | 11          |
| 5.4                    | Air supply .....  | 11          |
| 6                      | Reagents and materials .....  | 11          |
| 6.1                    | Absorbent .....   | 11          |
| 6.2                    | Solvent for extraction .....  | 11          |
| 7                      | Test conditions and procedure .....   | 11          |
| 7.1                    | General .....   | 11          |
| 7.2                    | Preparatory tests .....   | 11          |
| 7.2.1                  | Determination of the amount of liquid contaminating the sample area .....                                   | 11          |
| 7.2.2                  | Determination of the extraction efficiency .....  | 12          |
| 7.2.3                  | Blank test .....  | 12          |
| 7.3                    | Preparation and conditioning of test specimens .....  | 12          |
| 7.4                    | Test procedure .....  | 12          |
| 8                      | Calculation of test results .....   | 12          |
| 9                      | Test report .....   | 13          |
| Annex A (informative)  | Example of test .....   | 14          |
| Annex ZA (informative) | Relationship between this European Standard and the Essential Requirements of EU Directive 89/686/EEC ..... | 16          |
| Bibliography .....     |   | 17          |
