ISO 17907:2014-11 (E)

Ships and marine technology - Single point mooring arrangements for conventional tankers

Contents

Page

Foreword iv

1 Scope 1

2 Technical requirements 1
2.1 Design arrangement of SPM arrangements for tankers 1
2.2 Configuration and design manufacturing requirements for SPM arrangements for tankers 3

3 Test method 4
3.1 Bow chain stoppers 4
3.2 Bow fairleads 5
3.3 Pedestal rollers 6

4 Markings 7

Annex A (informative) Types and dimensions of chain stoppers 8

Annex B (informative) Types and dimensions of fairleads 11

Annex C (informative) Types and dimensions of pedestal rollers 12
