ISO 21125:2019 (E)

Ships and marine technology — Marine cranes — Manufacturing requirements

Contents

Foreword

1 Scope

2 Normative references

3 Terms and definitions

4 General requirements

5 Fabrication standard

- 5.1 Materials
- 5.2 Welded connection of steel plates
- 5.3 Machinery processing
- 5.4 Anticorrosion and oil seal

6 Mechanical, hydraulic and electrical assembly

- 6.1 Field requirements
- 6.2 Mechanical assembly
- 6.3 Hydraulic assembly
- 6.4 Installation of electrical system
- 6.4.1 General requirements
- 6.4.2 Cable lay
- 6.5 Other installations
- 6.6 Shipboard installation

7 Lubricating, oil sealing and coating

8 Tests

9 Markings and plates
