## Immersion suits - Part 3: Test methods

## Contents

Page

Foreword ..... v

1 Scope ..... 1

2 Normative references ..... 1

3 Testing of the device ..... 1
3.1 General ..... 1
3.2 Sampling ..... 1
3.3 Test subjects ..... 1
3.4 Fuel resistance test ..... 2
3.5 Flammability test ..... 2
3.6 Rotating shock bin testing ..... 4
3.7 Leakage measurement ..... 5
3.8 Thermal test ..... 6
3.9 Temperature cycling testing ..... 9
3.10 Performance testing ..... 10
3.11 Ergonomic factors ..... 10
3.12 Test method for compressibility of inherently buoyant material ..... 15
3.13 Test method for thermal stability of inherently buoyant material ..... 15

Annex A (normative) Test results - Uncertainty of measurement ..... 16

Annex ZZ (informative) Corresponding International and European Standards for which equivalents are not given in the text ..... 17

Bibliography ..... 18
