Foreword iv

Introduction v

1 Scope 1

2 Normative reference(s) 1

3 Term(s) and definition(s) 1

4 General requirements 2
4.1 Manufacturing standards 2
4.2 Visual appearance and craftsmanship 2
4.3 Markings 2
4.4 Documentation 3

5 Performance requirements 3
5.1 Rocket parachute flare 3
5.2 Hand flare 4
5.3 Buoyant smoke signal 4
5.4 Lifebuoy self-activating smoke signal 4
5.5 Line-throwing appliances 5

6 Test procedures 5
6.1 Luminous intensity measurement 5
6.2 Thrust versus time measurement 5
6.3 Altitude measurement 6
6.4 Temperature cycle test 6
6.5 Water immersion test 6
6.6 Cold temperature test 7
6.7 Hot temperature test 7
6.8 Smoke density measurement 7
6.9 Smoke colour comparison 8
6.10 Burn time measurement 8
6.11 Line throwing appliance function test 8

Annex A (informative) Production testing and inspection procedures 9
