

ISO 18923:2000-06 (E)

Imaging materials - Polyester-base magnetic tape - Storage practices

Contents		Page
Foreword		v
Introduction		vi
1 Scope		1
2 Normative references		1
3 Terms and definitions		2
4 Environmental conditions		5
5 Materials		7
6 Enclosures		7
7 Preparation		8
8 Storage housing		9
9 Storage rooms		9
10 Fire-protective storage		10
11 Identification, inspection, and cleaning		10
Annex A (informative) Numbering system for related International Standards		11
Annex B (informative) Stability of cellulose triacetate base		12
Annex C (informative) Distinction between master tapes and work copies		13
Annex D (informative) Temperature/relative humidity relationship		14
Annex E (informative) Temperature and humidity acclimatization		15
Bibliography		17
Table 1 Maximum temperature and relative humidity for storage		6
