Machine tools - Short-term capability evaluation of machining processes on metal-cutting machine tools

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
2	Normative references	1
3	Terms and definitions	2
4	Symbols	3
4.1	Upper case letters	3
4.2	Lower case letters	4
4.3	Greek letters	5
5	Preliminary remarks	5
6	Procedure for short-term capability evaluation	6
6.1	General	6
6.2	Agreements	7
6.3	Warm-up procedure	9
6.4	Adjustment	9
6.5	Production	10
6.6	Measurement	10
6.7	Computation and analysis	11
7	Factors influencing short-term capability evaluation	16
7.1	General	16
7.2	Thermal influences	16
7.3	Influences due to measuring uncertainty	18
7.4	Influences arising from statistical analysis	18
Annex A (informative) Additional information related to statistical evaluations		19
Annex B (normative) Agreement form		26
Annex C (normative) Evaluation -- Forms		30
Annex D (informative) Examples of capability agreements and analysis		34
Bibliography		42
