

# ISO/TR 230-9:2005-03 (E)

Test code for machine tools - Part 9: Estimation of measurement uncertainty for machine tool tests according to series ISO 230, basic equations

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1 <b>Scope</b> .....		1
2 <b>Normative references</b> .....		1
3 <b>Terms, definitions and symbols</b> .....		1
4 <b>Estimation of measurement uncertainty U</b> .....		2
5 <b>Estimation of the uncertainty of parameters, basic equations</b> .....		3
<b>Annex A (informative) Measurement uncertainty of mean value</b> .....		4
<b>Annex B (informative) Measurement uncertainty of estimator of standard deviation s</b> .....		7
<b>Annex C (informative) Measurement uncertainty estimation for linear positioning measurement according to ISO 230-2</b> .....		9
<b>Bibliography</b> .....		24
