|--------------------|--|-------------|
| Foreword .....     |  | 3           |
| <b>1</b>           | <b>Scope .....</b>                                     | <b>4</b>    |
| <b>2</b>           | <b>Normative references .....</b>                      | <b>4</b>    |
| <b>3</b>           | <b>Reagents .....</b>                                  | <b>4</b>    |
| <b>4</b>           | <b>Procedure .....</b>                                 | <b>4</b>    |
| 4.1                | Test portion .....                                     | 4           |
| 4.2                | Dissolution of the test portion .....                  | 4           |
| 4.3                | Dilution volume .....                                  | 5           |
| 4.4                | Preparation of calibration and blank solutions .....   | 5           |
| 4.5                | Adjustment of the atomic absorption spectrometer ..... | 5           |
| 4.6                | Atomic absorbance measurement .....                    | 5           |
| <b>5</b>           | <b>Expression of results .....</b>                     | <b>6</b>    |
| 5.1                | Calculation .....                                      | 6           |
| 5.2                | Permissible tolerances .....                           | 6           |
| 5.3                | Final result .....                                     | 6           |
| <b>6</b>           | <b>Test report .....</b>                               | <b>6</b>    |
| Bibliography ..... |  | 7           |
