ISO/ASTM 52920:2023-06 (E)

Additive manufacturing - Qualification principles - Requirements for industrial additive manufacturing processes and production sites

Contents

Page

Foreword ..... **v**

Introduction ..... **vi**

1 Scope **1**

2 Normative references **1**

3 Terms and definitions **1**

4 Overview of AM related processes **2**

5 Infrastructure of the part manufacturer **3**
5.1 Environmental, health and safety (EHS) 3
5.2 Waste disposal 3
5.3 AM system installation 3
5.4 Ancillary equipment 4
5.5 Feedstock storage 4
5.6 IT infrastructure 4
5.7 Foreign object debris (FOD) 4
5.8 Provision of the process resources 4
5.9 Manufacturing management system 5
5.10 Maintenance/calibration system 5

6 Manufacturability assessment and review **5**
6.1 General 5
6.2 Design assessment and review 5
6.3 Manufacturing assessment and review 6
6.3.1 Additive manufacturing process 6
6.3.2 Process finalization 6
6.3.3 Post processing 6

7 Qualification of the additive system operations **6**
7.1 General 6
7.2 Scope of qualification 7
7.3 Validation planning 7
7.3.1 Process mapping 7
7.3.2 Risk assessment 7
7.3.3 Master validation plan 8
7.4 Qualification [installation, operation, and performance (IQ/OQ/PQ)] 8
7.5 Manufacturing plan specification 9
7.6 Documentation and tracing of the process steps 10
7.6.1 General 10
7.6.2 Manufacturing plan 10
7.6.3 IQ documents 10
7.6.4 OQ/PQ documents for the complete process 11
7.7 Relevant process steps within the additive system operations 11
7.7.1 Overview of additive system operations 11
7.7.2 Requirements for pre-process: data preparation 11
7.7.3 Requirements for feedstock management 13
7.7.4 Requirements for pre-process: system set-up 15
7.7.5 Requirements for additive manufacturing: build cycle 16
7.7.6 Requirements for AM-process: process finalization 17

8 Quality assurance **19**
8.1 General 19
8.2 Personnel requirements 19
8.3 Non-conformities 20
8.3.1 General 20
8.3.2 Acceptance criteria 20
8.3.3 Handling of non-conformities 20
8.4 Continuous improvement process 21
8.5 Quality controls 21
8.5.1 General 21
8.5.2 Production run approval 22
8.5.3 Part approval 23
Annex A (informative) **Requirements for Post-processing and part approval** **24**
Annex B (informative) **Supplementary information** **26**
Bibliography **34**
