

# ISO/ASTM 52943-2:2024-04 (E)

## Additive manufacturing for aerospace - Process characteristics and performance - Part 2: Directed energy deposition using wire and arc

---

| <b>Contents</b>                                                                                                                                          | <b>Page</b> |
|----------------------------------------------------------------------------------------------------------------------------------------------------------|-------------|
| Foreword.....                                                                                                                                            | iv          |
| <b>1 Scope</b> .....                                                                                                                                     | <b>1</b>    |
| <b>2 Normative references</b> .....                                                                                                                      | <b>1</b>    |
| <b>3 Terms and definitions</b> .....                                                                                                                     | <b>1</b>    |
| <b>4 Requirements for the feedstock</b> .....                                                                                                            | <b>2</b>    |
| <b>5 Qualification of the machine operator</b> .....                                                                                                     | <b>3</b>    |
| <b>6 Qualification of the DED machine</b> .....                                                                                                          | <b>3</b>    |
| 6.1 Machine qualification.....                                                                                                                           | 3           |
| 6.2 Machine requalification.....                                                                                                                         | 4           |
| <b>7 Build platform/substrate requirements</b> .....                                                                                                     | <b>5</b>    |
| <b>8 Environment requirements</b> .....                                                                                                                  | <b>5</b>    |
| 8.1 General.....                                                                                                                                         | 5           |
| 8.2 Facility environment.....                                                                                                                            | 5           |
| 8.3 Process environment.....                                                                                                                             | 5           |
| <b>9 Procedure qualification</b> .....                                                                                                                   | <b>6</b>    |
| 9.1 General.....                                                                                                                                         | 6           |
| 9.2 APS.....                                                                                                                                             | 6           |
| 9.3 Procedure requalification.....                                                                                                                       | 8           |
| <b>10 Engineering documents</b> .....                                                                                                                    | <b>8</b>    |
| <b>11 Production documents</b> .....                                                                                                                     | <b>9</b>    |
| <b>12 Process monitoring</b> .....                                                                                                                       | <b>9</b>    |
| <b>13 Product acceptance testing</b> .....                                                                                                               | <b>9</b>    |
| <b>14 Build documentation and traceability</b> .....                                                                                                     | <b>10</b>   |
| <b>15 Delivery documentation</b> .....                                                                                                                   | <b>10</b>   |
| <b>Annex A (informative) Operator test certificate for additive manufacturing machines by material application with directed energy deposition</b> ..... | <b>11</b>   |
| <b>Bibliography</b> .....                                                                                                                                | <b>13</b>   |
