ISO/ASTM 52948:2026-01 (E)

Additive manufacturing of metals - Powder bed fusion - Classification of imperfections

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Classification of imperfections 4
4.1 General 4
4.2 Designation 5
4.3 Detailed classification of imperfections occurring in additive manufacturing 5
4.3.1 General 5
4.3.2 Crack 6
4.3.3 Porosity 6
4.3.4 Inclusions 6
4.3.5 Lack of fusion 6
4.3.6 Shape, dimensional and surface imperfections 6
4.3.7 Other imperfections 6

Annex A (informative) Illustration of imperfections and associated visual and metallographic controls 22

Annex B (informative) Imperfections deriving from issues related to the process or to the equipment 36

Annex C (informative) Powder imperfections 40

Annex D (informative) Imperfections appearing at subsequent production steps 41

Bibliography 42
