## Additive manufacturing of metals - Powder bed fusion - Classification of imperfections

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Classification of imperfections .....	4
4.1	General .....	4
4.2	Designation .....	5
4.3	Detailed classification of imperfections occurring in additive manufacturing .....	5
4.3.1	General .....	5
4.3.2	Crack .....	6
4.3.3	Porosity .....	6
4.3.4	Inclusions .....	6
4.3.5	Lack of fusion .....	6
4.3.6	Shape, dimensional and surface imperfections .....	6
4.3.7	Other imperfections .....	6
Annex A (informative)	Illustration of imperfections and associated visual and metallographic controls .....	22
Annex B (informative)	Imperfections deriving from issues related to the process or to the equipment .....	36
Annex C (informative)	Powder imperfections .....	40
Annex D (informative)	Imperfections appearing at subsequent production steps .....	41
Bibliography .....		42
