# DIN EN ISO/ASTM 52948:2026-09 (E)

## Additive manufacturing of metals - Powder bed fusion - Classification of imperfections (ISO/ASTM 52948:2026)

## Contents

Page

**Foreword** ..... **iv**

**Introduction** ..... **v**

**1 Scope** ..... **1**

**2 Normative references** ..... **1**

**3 Terms and definitions** ..... **1**

**4 Classification of imperfections** ..... **4**

4.1 General ..... 4

4.2 Designation ..... 5

4.3 Detailed classification of imperfections occurring in additive manufacturing ..... 5

4.3.1 General ..... 5

4.3.2 Crack ..... 6

4.3.3 Porosity ..... 6

4.3.4 Inclusions ..... 6

4.3.5 Lack of fusion ..... 6

4.3.6 Shape, dimensional and surface imperfections ..... 6

4.3.7 Other imperfections ..... 6

**Annex A** (informative) **Illustration of imperfections and associated visual and metallographic controls** ..... **22**

**Annex B** (informative) **Imperfections deriving from issues related to the process or to the equipment** ..... **36**

**Annex C** (informative) **Powder imperfections** ..... **40**

**Annex D** (informative) **Imperfections appearing at subsequent production steps** ..... **41**

**Bibliography** ..... **42**
