

ISO 12960:2020-05 (E)

Geotextiles and geotextile-related products - Screening test methods for determining the resistance to acid and alkaline liquids

Contents		Page
Foreword		iv
Introduction		v
1 Scope		1
2 Normative references		1
3 Terms and definitions		1
4 Principle		1
5 General requirements and procedure		2
5.1 Apparatus.....		2
5.2 Reagents and materials.....		2
5.3 Test temperatures.....		2
5.4 Test duration.....		2
5.5 Sampling and preparation of test specimens.....		3
5.6 Procedure.....		3
5.6.1 Quantity of test liquid.....		3
5.6.2 Positioning of specimens.....		3
5.6.3 Control specimens.....		3
5.6.4 Rinsing, wiping and drying.....		3
5.7 Determination of changes in properties.....		3
6 Test report		4
Bibliography		5
