Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 2

4 List of significant hazards 2

5 Significant hazards and corresponding safety requirements and/or measures 2
5.1 General 2
5.2 Weaving machines 2
5.2.1 Common requirements of weaving machines 2
5.2.2 Shuttle weaving machines 7
5.2.3 Rapier weaving machines 8
5.2.4 Pile wire weaving machines (Wilton, épinglé, velvet) 8
5.2.5 Gripper weaving machines 9
5.2.6 Face-to-face weaving machines (pile, heavy fabric or carpet) 9
5.2.7 Water-jet weaving machines 10
5.2.8 Needle type narrow fabric weaving machines 10
5.2.9 Jacquard machines 12
5.3 Knitting (circular, flat and warp knitting) machines 13
5.3.1 Common requirements of knitting machines 13
5.3.2 Circular knitting machines 14
5.3.3 Flat bed knitting machines 14
5.3.4 Warp knitting (including stitch bonding) and Raschel machines 15
5.4 Tufting machines 15
5.5 Storage equipment for beams 17

6 Verification of the safety requirements and/or measures 18

7 Information concerning machine use 18
