DIN EN 1125:2008-04 (E)

Building hardware - Panic exit devices operated by a horizontal bar, for use on escape routes - Requirements and test methods

Contents

Page

Foreword 4

Introduction 5

1 Scope 7

2 Normative references 7

3 Terms and definitions 7

4 Requirements 12
4.1 Design requirements 12
4.2 Performance requirements 20
4.3 Requirements for product information 25

5 Tests - General and test apparatus 26
5.1 General 26
5.2 Test apparatus 27

6 Test methods - Procedures 28
6.1 General 28
6.2 Test procedure - Test sample A - Environmental tests 29
6.3 Test procedure - Test sample B - Design and performance tests 31

7 Classification 36
7.1 Category of use (1st character) 36
7.2 Durability (2nd character) 36
7.3 Door mass (3rd character) 36
7.4 Suitability for use on fire/smoke doors (4th character) 36
7.5 Safety (5th character) 36
7.6 Corrosion resistance (6th character) 36
7.7 Security (7th character) 37
7.8 Projection of horizontal bar (8th character) 37
7.9 Type of horizontal bar operation (9th character) 37
7.10 Field of door application (10th character) 37
7.11 Example of classification 37

8 Marking 38
8.1 On the product 38
8.2 On the packaging 38
8.3 On the installation instructions 39
8.4 Mortise lock combined with a separate horizontal bar unit 39

9 Evaluation of Conformity 39
9.1 Initial type test 39
9.2 Sampling, testing and conformity criteria 40
9.3 Factory production control 41
9.4 Periodic testing (for all products) 45
9.5 Annual testing (for all products) 46

fire/smoke resisting door assemblies 49

door applications **52**

Requirements of EU Directive 89/106/EEC, EU Construction Products Directive **53**

Bibliography **58**

Annex B (normative) Additional requirements for panic exit devices intended for use on Annex E (informative) Guidance for choosing relevant product standards for particular exit Annex ZA (informative) Relationship between this European Standard and the Essential Annex D (normative) Flow chart of test procedures **51**

Annex A (normative) Installation and fixing instructions **47**

Annex C (normative) Maintenance instructions **50**
