

ISO 14199:2015-09 (E)

Health informatics - Information models - Biomedical Research Integrated Domain Group (BRIDG) Model

Contents	Page
Foreword	iv
Introduction	v
1 Scope	1
2 Normative references	1
3 Terms and definitions	1
4 Abbreviated terms	2
5 Overview of conceptual representations of the BRIDG model	2
6 UML-based canonical representations	4
6.1 General considerations	4
6.2 Sub-domain UML views	4
6.2.1 Common	4
6.2.2 Adverse event	4
6.2.3 Protocol representation	4
6.2.4 Regulatory	4
6.2.5 Statistical analysis	5
6.2.6 Study conduct	5
6.3 UML-based models and views	5
7 RIM-based HL7 representation	5
7.1 General considerations	5
7.2 RIM-based models	6
8 Ontological OWL-based representation	7
9 Other additional information	7
9.1 Uses of BRIDG	7
9.2 User's guide for the BRIDG model	7
9.3 Release notes	7
9.4 BRIDG maintenance process	7
9.5 BRIDG change list	7
Bibliography	8
