| 5.5.4 Modified method for ready-to-use products .....                         | 21 |
| 5.6 Experimental data and calculation .....                                   | 23 |
| 5.6.1 Explanation of terms and abbreviations .....                            | 23 |
| 5.6.2 Calculation .....                                                       | 23 |
| 5.7 Verification of methodology .....                                         | 28 |
| 5.7.1 General .....                                                           | 28 |
| 5.7.2 Control of weighted mean counts .....                                   | 28 |
| 5.7.3 Basic limits .....                                                      | 29 |
| 5.8 Expression of results and precision .....                                 | 29 |
| 5.8.1 Reduction .....                                                         | 29 |
| 5.8.2 Control of active and non-active product test solution (5.4.2) .....    | 29 |
| 5.8.3 Limiting test organism and bactericidal concentration .....             | 30 |
| 5.8.4 Precision, repetitions .....                                            | 30 |
| 5.9 Interpretation of results - conclusion .....                              | 30 |
| 5.9.1 General .....                                                           | 30 |
| 5.9.2 Bactericidal activity for handrub and handwash products .....           | 30 |
| 5.9.3 Bactericidal activity for instrument disinfection products .....        | 30 |
| 5.9.4 Bactericidal activity for surface disinfection products .....           | 31 |
| 5.9.5 Qualification for certain fields of application .....                   | 31 |
| 5.10 Test report .....                                                        | 31 |
| Annex A (informative) Referenced strains in national collections .....        | 33 |

|                                                                                                                                              |           |
|----------------------------------------------------------------------------------------------------------------------------------------------|-----------|
| <b>Annex B (informative) Neutralizers and rinsing liquids .....</b>                                                                          | <b>34</b> |
| <b>Annex C (informative) Graphical representation of test procedures .....</b>                                                               | <b>36</b> |
| <b>Annex D (informative) Example of a typical test report .....</b>                                                                          | <b>44</b> |
| <b>Annex E (informative) Precision of the test result .....</b>                                                                              | <b>48</b> |
| <b>Annex ZA (informative) Relationship between this European Standard and the Essential<br/>Requirements of EU Directive 93/42/EEC .....</b> | <b>51</b> |
| <b>Bibliography .....</b>                                                                                                                    | <b>52</b> |
