|-------------------------------------------------------------------------------------------------------------------------------------|-----|
| Foreword .....                                                                                                                      | v   |
| Introduction .....                                                                                                                  | vii |
| 201.1 Scope, object and related standards .....                                                                                     | 1   |
| 201.2 Normative references .....                                                                                                    | 3   |
| 201.3 Terms and definitions .....                                                                                                   | 5   |
| 201.4 General requirements .....                                                                                                    | 7   |
| 201.5 General requirements for testing of ME EQUIPMENT .....                                                                        | 10  |
| 201.6 Classification of ME EQUIPMENT and ME SYSTEMS .....                                                                           | 11  |
| 201.7 ME EQUIPMENT identification, marking and documents .....                                                                      | 11  |
| 201.8 Protection against electrical HAZARDS from ME EQUIPMENT .....                                                                 | 19  |
| 201.9 Protection against mechanical hazards of ME EQUIPMENT and ME SYSTEMS .....                                                    | 19  |
| 201.10 Protection against unwanted and excessive radiation HAZARDS .....                                                            | 21  |
| 201.11 Protection against excessive temperatures and other HAZARDS .....                                                            | 21  |
| 201.12 Accuracy of controls and instruments and protection against hazardous outputs .....                                          | 24  |
| 201.13 HAZARDOUS SITUATIONS and fault conditions for ME EQUIPMENT .....                                                             | 27  |
| 201.14 Programmable electrical medical systems (pems) .....                                                                         | 28  |
| 201.15 Construction of ME EQUIPMENT .....                                                                                           | 28  |
| 201.16 ME SYSTEMS .....                                                                                                             | 29  |
| 201.17 Electromagnetic compatibility of ME EQUIPMENT and ME SYSTEMS .....                                                           | 29  |
| 201.101 BREATHING SYSTEM connectors and ports .....                                                                                 | 29  |
| 201.102 Requirements for the BREATHING SYSTEM and ACCESSORIES .....                                                                 | 32  |
| 201.103 LIQUID CONTAINER .....                                                                                                      | 33  |
| 201.104 FUNCTIONAL CONNECTION .....                                                                                                 | 34  |
| 202 Electromagnetic disturbances -- Requirements and tests .....                                                                    | 34  |
| 206 Usability .....                                                                                                                 | 35  |
| 208 General requirements, tests and guidance for alarm systems in medical electrical equipment and medical electrical systems ..... | 36  |
| 211 Requirements for medical electrical equipment and medical electrical systems used in the home healthcare environment .....      | 36  |
| Annex C (informative) Guide to marking and labelling requirements for ME EQUIPMENT and ME SYSTEMS .....                             | 38  |
| Annex D (informative) Symbols on Marking .....                                                                                      | 44  |
| Annex AA (informative) Particular guidance and rationale .....                                                                      | 45  |
| Annex BB (normative) * Determination of the accuracy of the displayed MEASURED GAS TEMPERATURE .....                                | 61  |
| Annex CC (normative) * Determination of the HUMIDIFICATION OUTPUT .....                                                             | 63  |
| Annex DD (normative) * Specific enthalpy calculations .....                                                                         | 67  |
| Annex EE (normative) Removable temperature sensors and mating ports .....                                                           | 69  |

|                                                                                                                                                               |           |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|
| <b>Annex FF (normative) * Standard temperature sensor .....</b>                                                                                               | <b>73</b> |
| <b>Annex GG (informative) Saturation vapour pressure .....</b>                                                                                                | <b>76</b> |
| <b>Annex HH (informative) Reference to the essential principles of safety and performance of medical devices in accordance with ISO 16142-1:2016[7] .....</b> | <b>77</b> |
| <b>Annex II (informative) Terminology -- Alphabetized index of defined terms .....</b>                                                                        | <b>81</b> |
| <b>Bibliography .....</b>                                                                                                                                     | <b>85</b> |
