|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------|
| European foreword .....                                                                                                                                                           | 3           |
| Annex ZA (informative) Relationship between this European Standard and the essential requirements of Directive 93/42/EEC [OJ L 169] aimed to be covered .....                     | 6           |
| Foreword.....                                                                                                                                                                     | 11          |
| Introduction .....                                                                                                                                                                | 13          |
| 201.1 Scope, object, and related standards .....                                                                                                                                  | 14          |
| 201.2 Normative references .....                                                                                                                                                  | 16          |
| 201.3 Terms and definitions .....                                                                                                                                                 | 17          |
| 201.4 General requirements.....                                                                                                                                                   | 19          |
| 201.5 General requirements for testing of ME EQUIPMENT .....                                                                                                                      | 20          |
| 201.6 Classification of ME EQUIPMENT and ME SYSTEMS.....                                                                                                                          | 20          |
| 201.7 ME EQUIPMENT identification, marking, and documents .....                                                                                                                   | 20          |
| 201.8 Protection against electrical HAZARDS from ME EQUIPMENT .....                                                                                                               | 26          |
| 201.9 Protection against MECHANICAL HAZARDS of ME EQUIPMENT and ME SYSTEMS .....                                                                                                  | 26          |
| 201.10 Protection against unwanted and excessive radiation HAZARDS .....                                                                                                          | 26          |
| 201.11 Protection against excessive temperatures and other HAZARDS .....                                                                                                          | 27          |
| 201.12 Accuracy of controls and instruments and protection against hazardous outputs .....                                                                                        | 29          |
| 201.13 HAZARDOUS SITUATIONS and fault conditions.....                                                                                                                             | 35          |
| 201.14 PROGRAMMABLE ELECTRICAL MEDICAL SYSTEMS (PEMS) .....                                                                                                                       | 35          |
| 201.15 Construction of ME EQUIPMENT .....                                                                                                                                         | 35          |
| 201.16 ME SYSTEMS .....                                                                                                                                                           | 37          |
| 201.17 Electromagnetic compatibility of ME EQUIPMENT and ME SYSTEMS .....                                                                                                         | 37          |
| 201.101 *Interfering gas and vapour effects .....                                                                                                                                 | 37          |
| 201.102 *Gas leakage .....                                                                                                                                                        | 38          |
| 201.103 *Port connectors for DIVERTING RGMS .....                                                                                                                                 | 38          |
| 201.104 *Sampling flowrate .....                                                                                                                                                  | 38          |
| 201.105 *Contamination of breathing systems .....                                                                                                                                 | 38          |
| 201.106 FUNCTIONAL CONNECTION .....                                                                                                                                               | 38          |
| 202 Electromagnetic disturbances — Requirements and tests .....                                                                                                                   | 40          |
| 206 USABILITY .....                                                                                                                                                               | 40          |
| 208 General requirements, tests and guidance for ALARM SYSTEMS in MEDICAL ELECTRICAL EQUIPMENT and MEDICAL ELECTRICAL SYSTEMS .....                                               | 41          |
| 211 General requirements, tests and guidance for medical electrical equipment and medical electrical systems used in the home healthcare environment .....                        | 43          |
| 212 General requirements, tests and guidance for MEDICAL ELECTRICAL EQUIPMENT and MEDICAL ELECTRICAL SYSTEMS intended for use in the EMERGENCY MEDICAL SERVICES ENVIRONMENT ..... | 43          |
| Annex C (informative) Guide to marking and labelling requirements for ME EQUIPMENT and ME SYSTEMS .....                                                                           | 44          |
| Annex D (informative) Symbols on marking .....                                                                                                                                    | 48          |
| Annex AA (informative) Particular guidance and rationale .....                                                                                                                    | 51          |
| Annex BB (informative) Test gas mixtures for calibration .....                                                                                                                    | 61          |
| Annex CC (informative) Data interface requirements .....                                                                                                                          | 62          |
| Annex DD (informative) Alphabetized index of defined terms used in this document .....                                                                                            | 67          |
| Bibliography.....                                                                                                                                                                 | 70          |
