## Sampling procedures for inspection by attributes\_ - Part\_1: Sampling schemes indexed by acceptance quality limit (AQL) for lot-by-lot inspection

---

### Contents

|                                                                            |    |
|----------------------------------------------------------------------------|----|
| 1 Scope .....                                                              | 1  |
| 2 Normative references .....                                               | 2  |
| 3 Terms, definitions and symbols .....                                     | 2  |
| 4 Expression of nonconformity .....                                        | 7  |
| 5 Acceptance quality limit (AQL) .....                                     | 8  |
| 6 Submission of product for sampling .....                                 | 8  |
| 7 Acceptance and non-acceptance .....                                      | 9  |
| 8 Drawing of samples .....                                                 | 9  |
| 9 Normal, tightened and reduced inspection .....                           | 10 |
| 10 Sampling plans .....                                                    | 13 |
| 11 Determination of acceptability .....                                    | 14 |
| 12 Further information .....                                               | 14 |
| 13 Fractional acceptance number plans for single sampling (optional) ..... | 16 |

### Tables

|                                                                           |    |
|---------------------------------------------------------------------------|----|
| 1 Sample size code letters .....                                          | 19 |
| 2-A Single sampling plans for normal inspection (Master table) .....      | 20 |
| 2-B Single sampling plans for tightened inspection (Master table) .....   | 21 |
| 2-C Single sampling plans for reduced inspection (Master table) .....     | 22 |
| 3-A Double sampling plans for normal inspection (Master table) .....      | 23 |
| 3-B Double sampling plans for tightened inspection (Master table) .....   | 24 |
| 3-C Double sampling plans for reduced inspection (Master table) .....     | 25 |
| 4-A Multiple sampling plans for normal inspection (Master table) .....    | 26 |
| 4-B Multiple sampling plans for tightened inspection (Master table) ..... | 29 |

|                                                                                                                        |    |
|------------------------------------------------------------------------------------------------------------------------|----|
| 4-C Multiple sampling plans for reduced inspection (Master table).....                                                 | 32 |
| 5-A Producer's risk for normal inspection .....                                                                        | 35 |
| 5-B Producer's risk for tightened inspection.....                                                                      | 36 |
| 5-C Producer's risk for reduced inspection .....                                                                       | 37 |
| 6-A Consumer's risk quality for normal inspection .....                                                                | 38 |
| 6-B Consumer's risk quality for tightened inspection .....                                                             | 39 |
| 6-C Consumer's risk quality for reduced inspection .....                                                               | 40 |
| 7-A Consumer's risk quality for normal inspection .....                                                                | 41 |
| 7-B Consumer's risk quality for tightened inspection .....                                                             | 42 |
| 7-C Consumer's risk quality for reduced inspection .....                                                               | 43 |
| 8-A Average outgoing quality limits for normal inspection (Single sampling plans).....                                 | 44 |
| 8-B Average outgoing quality limits for tightened inspection (Single sampling plans) .....                             | 45 |
| 9 Average sample size curves for single, double and multiple sampling (normal, tightened and reduced inspection) ..... | 46 |
| 10-A Tables for sample size code letter A (Individual plans) .....                                                     | 48 |
| 10-B Tables for sample size code letter B (Individual plans) .....                                                     | 50 |
| 10-C Tables for sample size code letter C (Individual plans) .....                                                     | 52 |
| 10-D Tables for sample size code letter D (Individual plans) .....                                                     | 54 |
| 10-E Tables for sample size code letter E (Individual plans) .....                                                     | 56 |
| 10-F Tables for sample size code letter F (Individual plans).....                                                      | 58 |
| 10-G Tables for sample size code letter G (Individual plans).....                                                      | 60 |
| 10-H Tables for sample size code letter H (Individual plans) .....                                                     | 62 |
| 10-J Tables for sample size code letter J (Individual plans) .....                                                     | 64 |
| 10-K Tables for sample size code letter K (Individual plans) .....                                                     | 66 |
| 10-L Tables for sample size code letter L (Individual plans).....                                                      | 68 |
| 10-M Tables for sample size code letter M (Individual plans) .....                                                     | 70 |
| 10-N Tables for sample size code letter N (Individual plans) .....                                                     | 72 |
| 10-P Tables for sample size code letter P (Individual plans) .....                                                     | 74 |
| 10-Q Tables for sample size code letter Q (Individual plans).....                                                      | 76 |
| 10-R Tables for sample size code letter R (Individual plans) .....                                                     | 78 |
| 10-S Tables for sample size code letter S (Individual plans) .....                                                     | 80 |

11-A Single sampling plans for normal inspection (Auxiliary master table) .....81

11-B Single sampling plans for tightened inspection (Auxiliary master table) .....82

11-C Single sampling plans for reduced inspection (Auxiliary master table) .....83

12 Scheme OC curves (Normalized) .....84

Annex A (informative) Example for non-constant sampling plan .....85

Bibliography .....87
