Foreword v

Introduction vi

1 Scope 1

2 Normative references 1

3 Terms and definitions 2

4 Symbols and abbreviated terms 6

5 General requirements for non-implantable parts 6

6 Requirements for particular active implantable medical devices 6

7 General arrangement of the packaging 19

8 General markings for active implantable medical devices 19

9 Markings on the sales packaging 19

10 Construction of the sales packaging 20

11 Markings on the sterile pack 20

12 Construction of the non-reusable pack 20

13 Markings on the active implantable medical device 21

14 Protection from unintentional biological effects caused by the active implantable medical device 21

15 Protection from harm to the patient or user caused by external physical features of the active implantable medical device 21

16 Protection from harm to the patient caused by electricity 21

17 Protection from harm to the patient caused by heat 21

18 Protection from ionizing radiation released or emitted from the active implantable medical device 21

19 Protection from unintended effects caused by the device 21

20 Protection of the device from damage caused by external defibrillators 23

21 Protection of the device from changes caused by high-power electrical fields applied directly to the patient 23

22 Protection of the active implantable medical device from changes caused by miscellaneous medical treatments 23

23 Protection of the active implantable medical device from mechanical forces 23

24 Protection of the active implantable medical device from damage caused by electrostatic discharge 23

25 Protection of the active implantable medical device from damage caused by atmospheric pressure changes 23

26 Protection of the active implantable medical device from damage caused by temperature changes 23

27 Protection of the active implantable medical device from electromagnetic non-ionizing radiation 23

28 Accompanying documentation 23

Annex AA (informative) Relationship between the fundamental principles in ISO/TR 14283 and the fundamental principles listed in Annex AA 35

Annex CC (informative) Rationale 37

Annex DD (informative) In vitro test 42

Bibliography 46
