

ISO/IEC 14543-5-5:2012-02 (E)

Information technology - Home electronic system (HES) architecture - Part 5-5: Intelligent grouping and resource sharing for HES Class 2 and Class 3 - Device type

Contents	Page
FOREWORD.....	3
INTRODUCTION.....	4
1 Scope.....	5
2 Normative references	5
3 Terms, definitions and abbreviations	5
3.1 Terms and definitions	5
3.2 Abbreviations	7
4 Conformance.....	8
5 Device type overview.....	8
6 Entity device type	9
7 Functional device type.....	9
7.1 Summary on functional device type	9
7.2 Basic functional device type	10
7.2.1 General	10
7.2.2 Media server	10
7.2.3 Media player.....	12
7.2.4 Media recorder	14
7.2.5 File server	15
Table 1 – Basic entity device type list	9
Table 2 – Basic functional device type list.....	10
Table 3 – Subservice list of media server.....	11
Table 4 – Mandatory interface list of media server service	12
Table 5 – Subservice list of media player.....	13
Table 6 – Mandatory interface list of media player	13
Table 7 – Subservice list of media recorder	14
Table 8 – Mandatory interface list of media recorder.....	14
Table 9 – Subservice list of file server	16
Table 10 – Mandatory interface list of file server	17
