FOREWORD 4
INTRODUCTION 5
1 Scope 7
2 Normative references 7
3 Terms, definitions and abbreviated terms 7
3.1 Terms and definitions 7
3.2 Abbreviated terms 8
4 Conformance 8
5 Overview 8
5.1 Purpose 8
5.2 Test configuration 8
5.3 Requirement of verification 9
5.4 Test environment 9
6 IGRS RA test suite structure 9
6.1 Structure overview 9
6.2 IGRS RA user conformance test suite 10
6.3 IGRS RA device conformance test suite 10
6.4 Rules of the test suite 11
7 IGRS RA user conformance test suite 11
7.1 User register conformance test suite 11
7.1.1 Message and flow 11
7.1.2 Test case set 11
7.2 User login conformance test suite 12
7.2.1 Message and flow 12
7.2.2 Test case set 12
7.3 Relationship establishment conformance test suite 12
7.3.1 Message and flow 12
7.3.2 Test case set 13
7.4 Relationship releasing conformance test suite 13
7.4.1 Message and flow 13
7.4.2 Test case 13
7.5 Device verification code management conformance test suite 14
7.5.1 Message and flow 14
7.5.2 Test case 14
7.6 Device access rights configuration conformance test suite 15
7.6.1 Message and flow 15
7.6.2 Test case 15
7.7 Message exchange conformance test suite 16
7.7.1 Message and flow 16
7.7.2 Test case set 16
7.8 User logout conformance test suite 17

7.8.1 Message and flow 17
7.8.2 Test case set 18
8 IGRS RA device conformance test suite 18
8.1 Device registration conformance test suite 18
8.1.1 Message and flow 18
8.1.2 Test case set 18
8.2 Device login conformance test suite 19
8.2.1 Message and flow 19
8.2.2 Test case set 19
8.3 Relationship releasing conformance test suite 19
8.3.1 Message and flow 19
8.3.2 Test case set 20
8.4 Device verification code management conformance test suite 20
8.4.1 Message and flow 20
8.4.2 Test case 20
8.5 Message exchange conformance test suite 21
8.5.1 Message and flow 21
8.5.2 Test case set 21
8.6 Device logout conformance test suite 23
8.6.1 Message and flow 23
8.6.2 Test case 23
